Dear Mike:

In accordance with Rule M-8 (b), enclosed you will find the annual Operation and Progress Reports for the Sahara, Repete, and Hillside Mines. As agreed to in our telephone conversation, some time ago, no updated maps have been included since no substantial changes have taken place in the mining and reclamation plans or in the surface layout of the mines.

If this is not satisfactory, please contact me and the required information will be forwarded to your office.

Sincerely,

Dean Roberts
